

STRATEGIC OBJECTIVE

1

MCPS will provide equitable and individualized opportunities for students to enhance learning through technology

- a. Place technology in the hands of all students for use in and out of school.
- b. Provide support for parents to facilitate individualized student learning.
- c. Use on-going student data to improve learning through the use of technology.

Key Performance Indicators:

- % of Students with District Provided Devices
- Number of Parents Attending District Sponsored Technology Learning Events
- % of Students that Families have agreed to participate in our Technology Initiative
- District Progress on MCPS's Seven Keys
